

VOCATIONAL EDUCATION AND TRAINING (VET)

Course Information 2018

VET allows students to include vocational studies within their Year 10, VCE or VCAL Certificate. These VET programs may be undertaken in a variety of settings and offer students the opportunity to undertake Structured Workplace Learning (SWL). Classroom learning is combined with structured hands-on training and practice in industry.

VET offers students the opportunity to:

- Combine general and vocational studies
- Explore career options and pathways
- Undertake learning in the workplace
- Undertake applied learning in an adult learning environment
- Gain a nationally recognized qualification that contributes to the VCE or VCAL
- Develop skills that will equip them for the workforce

VET programs contribute to the VCE and VCAL in one of the following ways:

- **Credit towards the VCE:** selected VCE VET Programs offer scored assessment (study score) for Units 3 and 4 in the same way all VCE studies do and includes an end of year exam and study score.
- **Credit towards the VCE :**through block credit, a contribution of 10% increment towards the ATAR as a fifth or sixth subject
- **Credit towards VCAL:** units contribute towards the industry specific skills strand at VCAL levels. Credit towards the VCAL units contribute towards the industry specific skills strand

How do students apply?

1. **Students select VET programs when completing their subjects online**
 - **Closes 17th August 2017**
2. **Information on the selected programs, times and costs will be mailed to you, so you can decide if it is the right program for you.**
3. **Register by completing and returning your application form and pay non-refundable deposit to Padua reception by the end of Term 3 / early Term 4.**

VETiS Programs for 2018

Please note

- **All VET programs incur an extra cost**
- **All students need to make their own travel arrangements**
- **Classes are dependent on numbers.**
- **Students may miss Padua timetabled classes.**
