

Student Privacy Policy

Dated: May 2018

Due for Review: May 2019

At Padua College it is important to celebrate the efforts and achievements of our students. To this end, print and electronic publications are essential forms of communication between Padua College, our families, and the wider community.

All students enrolled at Padua College will be photographed and identified by name in the annual Year Book. These details might also be published together with the student's name, articles and samples of their school work.

Photos/videos of our students that are selected for publication are chosen with care, respecting the dignity of each student. These may be featured at Padua College information evenings, open days, in publications such as *The Paduan* Newsletter, prospectus, advertisements, and news stories and on the College website/social media. They may also appear in publications of organisations associated with Padua College such as the Southern Independent Schools (SIS), Catholic Education Melbourne (CEM) and the Catholic Education Commission of Victoria (CECV).
