Business	Horticulture	Screen and Media
Cisco Networking	Hospitality	Sport and Recreation
Computer Assembly and Repair	Information Digital Media – Games Design	Tourism
Community Services	Interior Decoration – Retail Services	Visual Arts
Dance	Kitchen Operations	
Design Fundamentals		
Digital Media and Technology - Games Creation		

Comprehensive course information may be found on the Padua College website:

<http://www.padua.vic.edu.au/teaching-and-learning/vet-programs.html>

The College will endeavour to organise student access to these courses subject to student interest and availabilities at the specific institutions.

Please note that the programs listed above are based on 2017 information and are subject to change in the future, and that there are additional costs involved for all VET courses.
